

Staunton & Corse Dispensary Pharmaceutical Waste Campaign

Above is an example of unused medication returned to the Dispensary. The approximate value is **£520**

Another example of unused medication, the approximate value is **£700**

An example of over ordering has resulted in **£700** worth of items having to be destroyed...

- Please remember to check if you need to repeat order your medications...have you built up a stockpile?
- If you've had a change of medication, ensure this has been removed from your repeat order. Speak to a member of the Dispensary Team and we can arrange this for you.

Please return any unused medication to us or a Retail Pharmacy.
All medication is safely disposed of via incineration.

Once medication has been dispensed and taken from the dispensary/pharmacy premises, it cannot be re-used and must be disposed of safely.

DON'T BE A HOARDER, THINK BEFORE YOU ORDER
